

MOD001 Units Providing a flexible storage solution

## MODULAR STORAGE UNITS

This simple but effective product provides a whole variety of storage solutions. Can be used as open storage, tray storage or shelves. It is best effective when used in all combinations. Each unit comes with two cabinet to cabinet fixings. More cabinets can be added year on year.

Its not just a storage solution but also can be a presentation structure for class work or current themes. Why not build a Pyramid for Egyptian artefacts. Each modular unit is twice as high as wide or, if you turn it round, twice as wide as high, allowing you to make endless combinations that can easily be relocated.

- Manufactured from 18mm beech MFC with tough PVC edges
- All units can be used with 6 shallow trays, 3 deep trays or up to 6 shelves
- All units are supplied with tray runners and connecting bolts
- Units can be stacked two high, or turned on their sides to make deeper storage compartments
- Units can be made mobile using base plate with castors
- Standing upright, unit measures 361W x 480D x 722H mm

Please state colour choice of trays when ordering

Carcass units are beech. Tray colours are shown on the Gratnell's Tray page

## COAT AND LUNCHBOX UNIT

A stylish answer to classroom and corridor cloak storage, offered in three bays but also available in as many bays as required. Its compact size hides its large capacity, each bay is fitted with three double coat hooks with space for shoes below and lunchboxes above.

Available in all our standard colours. Be imaginative.
