

# Literacy Products

Furniture for Big Books forms a significant part of our Literacy section. Whether it be storage, display or both. This series of spinners, browser boxes and kinder racks and other storage has been specially designed to give you the perfect solution to a whole range of requirements.

Why not add a splash of colour to children's reading areas and libraries with these exciting book storage products.

- o All designed with safety in mind
- o All products are available in four bright primary colours or Beech, Oak Grey or White.
- o Made from melamine faced chipboard & MDF
- o Radiused edges for safety

## BIG BOOK STORE & DISPLAY

Our LFB1, 2 & 3 have been designed for Big Book storage and display. All products are available in the four primary colours in addition to beech as illustrated.

## MOBILE BIG BOOK CENTRE

This is a clever little product designed to form the heart of any literacy session. Flat storage for big books on pull out shelves combined with a easel type pop up display with its easy lock down and gas lift stay makes it a wonderfully safe and practical unit. That's not all, both the front and easel faces are manufactured from wipe board to allow you to feature words or sentences of particular significance. Pens and cloths can be stored under the locked down easel when not in use.
